WHY DRINK MICRO BREWS?

- made by real people with names like mike, stan & floyd. most of them have tattoos
- the bottom line craft brewers are primarily concerned about is, does it taste good?
 - better ingredients=better drinking
- dogs are welcome in most craft breweries and dogs are awesome
 - craft breweries are adding to the workforce, so its patriotic
- more styles, more flavor, more character-it’s like the “rebel yell” of alcohol
